

Title: International Scientific and Practical Conference "VAVILOV READINGS-2021» (VVRD 2021) dedicated to the 101st anniversary of the discovery of the law of homological series and the 134th anniversary of the birth of N. I. Vavilov  
Location: Saratov, Russia  
Date: November 25-26, 2021  
Web-site: <http://vvr2021.ide-rus.ru/eng>  
Editors: Shyurova N.A., Tkachenko O.V.

#### ABOUT:

Dear colleagues!

In 2021, the world scientific community celebrates the 101st anniversary of the discovery of the law of homological series in hereditary variability by N. I. Vavilov and the 134th anniversary of the scientist's birth.

This major discovery in biology of the twentieth century was correlated by contemporaries with the discovery of the Periodic Law by D. I. Mendeleev in chemistry, and its author—a young professor of the Agronomy Faculty of the Saratov University, received well-deserved world recognition.

In honor of these dates, the Saratov State Agrarian University on November 25 - 26 will hold International scientific and practical Conference "Vavilov Readings-2021".

VVRD 2021 received 501 manuscripts. And 108 applications were accepted by our reviewers. By submitting a paper to VVRD 2021, the authors agreed to the review process and understand that papers undergo a peer-review process.

Manuscripts would be reviewed by appropriately qualified experts in the field selected by the Conference Committee, who would give detailed comments and—if the submission gets accepted—the authors submitted a revised version that considers this feedback. All papers were reviewed using a double-blind review process: authors declare their names and affiliations in the manuscript for the reviewers to see, but reviewers did not know each other's identities, nor did the authors receive information about who has reviewed their manuscript. The Committees invested great efforts in reviewing the papers submitted to the conference and organizing the sessions to enable the participants to gain maximum benefit.

We would like to express our high appreciation to the organizers, members of the program committees and reviewers of VVRD 2021 for their hard work. Without their participation, it would be impossible to hold VVRD 2021 successfully and ensure high quality of papers of the conference proceedings. We also would like to express our gratitude to the unbelievable number of authors for contributing their research results to the Conference.

Special thanks go to team of Web of Conferences. We also hope to meet again in the upcoming conferences.

The Organizing Committees of VVRD 2021
