

Preface

The Organizing Committee is proud to present the Proceedings of 2023 International Conference on Food Science and Bio-medicine (ICFSB 2023), held in Guangzhou, China from 15th to 17th September, 2023.

The Conference is an international forum for the presentation of research results and technological advances in the fields of food science and bio-medicine and other aspects of food science and bio-medicine involving their advanced applications. The Conference brought together leading researchers, engineers and scientists in the domains of interest from around the world to share and publish research results and discuss the best contributions to develop relevant disciplines through research.

The attending delegates had a great opportunity to share research experience and personal insights during keynote speeches, oral and poster presentations, as well as to initiate discussions on topics that are of interest to the Conference attendees. Among them, Professor Tianfeng Chen from Jinan University, China made a keynote speech. He has been devoted to the research of selenochemical innovative drugs, selenium nanomedicine and precision diagnosis and treatment of diseases, and has published more than 10 journals in related fields in Signal Transduction and Targeted Therapy, Advanced Materials, Cell Subjournal Matter, Sci Adv, J Am Chem Soc, Angew Chem Int. Ed, Adv Funct Mater, Biomaterials and other IF, as well as published 85 papers and 40 cover papers, with an h-index 74; besides, he has been on the “China’s Highly Cited Scholars” list for three consecutive years and was selected on the world’s top 100,000 scientists list in 2021 and 2022. All the speakers presented us dramatic speeches with their professional views on specific topics. And the Conference was very active during the keynote speech part, and heated discussions continued during the breaks.

ICFSB 2023 received a quantity of manuscripts, and some of the submissions have been accepted by our expert reviewers. By submitting a paper to the Conference, the authors understood and agreed that papers would undergo a rigorous peer-review process. Manuscripts were reviewed by at least two independent, qualified experts in the fields selected by the Conference Committee, who took detailed comments and the authors would submit a revised version in which the feedback was taken into consideration. The Committee of ICFSB 2023 invested great efforts in reviewing the papers submitted to the Conference and organizing the sessions to enable the participants to gain maximum benefit.

We would like to thank the organization staff, the Committee members, all the reviewers and everyone who had worked for and lent a hand in reviewing papers and making valuable suggestions for the improvement of the Conference. Special thanks go to the members of BIO Web of Conferences for their sincere help and high efficiency in publishing all the accepted papers.

The Committee of ICFSB 2023

Committee Member

Conference Chairman

Prof. Liming Bian, South China University of Technology, China

Prof. Zhigang Liu, Northwest Agriculture and Forestry University, China

Technical Program Committee Chairman

Prof. Xiaohu Luo, Ningbo University, China

Organizing Committee Chairman

Assoc. Prof. Yingbin Shen, Guangzhou University, China

Publication Chairman

Prof. Yiguo Jiang, Guangzhou Medical University, China

Prof. Kun Wei, South China University of Technology, China

Prof. Jiachao Zhang, Hainan University, China

Assoc. Prof. Yi Wu, Nanjing Agricultural University, China

Assoc. Prof. Jinrong Zhou, Harvard University, China

Associate Researcher Yongsheng Chen, Jinan University, China

Organizing Committee

Prof. Wenhua Yu, Guangzhou University, China

Prof. Xiaohu Luo, Ningbo University, China

Prof. Zhiyun Du, Guangdong University of Technology, China

Prof. Ruifen Zhang, Guangdong Academy of Agricultural Sciences, China

Prof. Furao Lai, South China University of Technology

Assoc. Prof. Dongxiao Su, Guangzhou University, China

Assoc. Prof. Jun Liu, China Agricultural University, China

Assoc. Prof. Yongsheng Chen, Jinan University, China

Assoc. Prof. Jie Zheng, Jinan University, China

Associate Researcher Xingju Zhang, Beijing Genomics Institute, China

Dr. Hossein Hosseinkhani, Innovation Center for Advanced Technology, Matrix, Inc, USA

Prof. Jihan Mohamed Kassem, National Research Centre, Egypt

Dr. Parvati Sharma, Chaudhary Bansi Lal University, India

Prof. Yi-Tao Yu, University of Rochester Medical Center, USA

Dr. Hossein Hosseinkhani, Founder & CEO at Matrix, Inc, USA

Assoc. Prof. Deepika Koundal, University of Petroleum & Energy Studies, India

Academic Committee

Prof. Qingzhu Zeng, Guangzhou University, China

Prof. Weirong Hu, Guangzhou University, China

Prof. Shiyi Ou, Jinan University, China

Researcher Xinquan Yang, Yazhouwan Seed Lab, China

Prof. Hongtao Lei, South China Agricultural University, China

Post Doctor Junyan Liu, University of Maryland, USA

Assoc. Professor. Anand Mohan, University of Georgia, USA

Prof. Feng Wu, Wuhan University, China

Assoc. Prof. Eugenio Demartini, University of Milan, Italy

Assoc. Prof. Vajiheh Fadaei, Islamic Azad University, Iran

Assoc. Prof. Anna Gaviglio, University of Milan, Italy
