

## Opening Speech

Dear Colleagues and Participants,

On behalf of the head of scientific publication at Universitas Ahmad Dahlan, I am delighted to welcome you to the 2024 International Conference on Biological, Environment, Agriculture, and Food (ICoBEAF). This conference aims to provide a platform for researchers, scholars, and professionals to share and discuss the latest advancements and innovative research in the fields of Biological, Environment, Agriculture, and Food, with a particular emphasis on their applications for sustainable development.

This seminar is organized in collaboration with our partners from Universitas Negeri Malang, Islamic Azad University (IAU) in Iran, and Ehime University in Japan. This year's seminar features many esteemed scientists and speakers in the relevant fields. Our keynote lecture will be delivered by Prof. Takuya Sugahara from the Graduate School of Agriculture at Ehime University, Japan. Additionally, we will hear from Prof. Dr. Sri Rahayu Lestari, M.Si., from Universitas Negeri Malang, Indonesia, and Prof. Parisa Ziarati from Islamic Azad University, Iran. Participants will also have the opportunity to present oral sessions on topics related to Biological, Environment, Agriculture, and Food.

Last but not least, I would like to express my gratitude to all speakers, and committee members for their hard work during the event. This conference provides an excellent opportunity for attendees to network and potentially establish new collaborative relationships. We hope you find this experience both rewarding and memorable. We look forward to welcoming you again soon to Universitas Ahmad Dahlan in Yogyakarta, Indonesia.

Sincerely,

Apt Lalu Muhammad Irham M.Farm Ph.D  
Head of Scientific Publication, Universitas Ahmad Dahlan, Indonesia
