Aims & scope

BIO Web of Conferences is an open access journal devoted to the publishing of conference proceedings dealing with biology.

The journal aims to make conference proceedings visible, citable and widely usable by the scientific community. It offers outstanding services for the publication and dissemination of the contents in order to ensure long-term archiving and maximum exposure of the scientific events.

Coverage includes all traditional areas of biology, as well as related fields such as biomedicine, pharmacology, agriculture and agri-food.

Why publish with BIO Web of Conferences?

- **Open access:** conference papers available worldwide.
- **Fast publication:** less than 3 months.
- **Total flexibility:** no page restrictions, free unlimited use of colour in the online version, any kind of scientific document welcomed (traditional articles, posters, abstracts and slideshows).
- **High visibility:** all documents indexed in main databases and easily found online.
- **Fair author rights:** CC-BY Creative Commons license.
- **Range of additional publishing options:** printed proceedings, CD-ROMs, editorial secretary, etc.
